

TWO WORLDS

WHEN RELATIONSHIPS END
AND PARENTS SEPARATE

48 CONVERSATION-BUILDING CARDS

When a couple separates, one world becomes two. If there are children, they face the challenge of navigating the two new worlds of their parents. Adults also experience the emotional and physical upheaval of their previous world coming to an end, and the challenge of creating a new world for themselves and their children. These changes can be daunting—even overwhelming.

Designed by experienced separation counsellors and child and family workers, *Two Worlds* is a unique resource for building healing conversations with children or adults experiencing separation...or any significant transitions and life changes.
